

# RaiseRight™

Formerly ShopWithScrip

**April 13, 2023**

## How could you put your Scrip cards to work for you this summer?

At RaiseRight, April showers bring more than May flowers. A new season means new earning opportunities. In addition to everyday purchases for your family and home, gift cards are a great way to earn while showing appreciation for some of the most important people in your life. From moms and dads to grads and teachers—plus newlyweds too—it's an exciting season of spring celebrations.

Whether you use them to do your shopping, to plan a special celebration, or to give as the perfect gift of choice for your recipient, gift cards can help extend your gifting budget since they are earning toward your Tuition Credit goal too!
