Scrip Explained /How Scrip Works

Good news: It's really simple!

The Basics of a Scrip Program

- * You buy retail gift cards through the scrip program at face value.
- * Choose from nearly 400 national retail stores where you already shop.
- * We buy the gift cards at 1-13% less than face value (varies by retailer).
- * The difference between face value and what our organization pays = earnings.
- * Your family retains 70% of the rebate which is banked for the following year's tuition. The other 30% of the rebate helps to cover the cost of running the program.

Tuition credit may be applied to DMCS & BA families!
