

## Resolution

### Health and Safety Measures for the 2021-2022 School Year

**WHEREAS**, Minnesota Statutes Section 123B.09 vests the care, management, and control of independent districts in the school board; and

**WHEREAS**, the Superintendent of Independent School District 81 [hereinafter the "Superintendent"] is responsible for the management of the schools, the administration of all School District policies, and is directly accountable to the School Board; and

**WHEREAS**, when responsibilities are not specifically prescribed nor School District policy applicable, the Superintendent shall use personal and professional judgment, subject to review by the School Board, pursuant to School District Policy 302, *Superintendent*; and

**WHEREAS**, the Centers for Disease Control and Prevention ("CDC") and the Minnesota Department of Health ("MDH") have determined that the COVID-19 pandemic is currently ongoing and may remain ongoing for an unknown time; and

**WHEREAS**, the Minnesota Department of Education ("MDE") has issued and may continue to issue written guidance for Minnesota schools on educational issues related to COVID-19; and

**WHEREAS**, the MDH has issued and may continue to issue written guidance for Minnesota schools on public health issues related to COVID-19; and

**WHEREAS**, the Superintendent and the administration of the School District have conferred with the School Board regarding COVID-19 health and safety measures, the current CDC, MDE, and MDH requirements for each, and other relevant information; and

**WHEREAS**, based upon the collective consideration of these factors, the Superintendent has recommended to the School Board that all staff, students, and visitors within Independent School District 81 buildings are recommended to wear a mask, regardless of vaccination status. Staff and students of eligible age are recommended by the CDC and MDH to receive the vaccination. All staff, students, and visitors within Independent School District 511 buildings, regardless of vaccination status, are recommended to follow the strategies of physical distancing, handwashing and respiratory etiquette, cleaning and disinfection, contact tracing, screening testing, and staying home when sick as defined in the "CDC Guidance for COVID-19 Prevention in K-12 Schools." Masks, vaccinations, cleaning, spacing, and respiratory etiquette are recommended to be implemented at the commencement of the 2021-2022 school year.

**NOW, THEREFORE, BE IT RESOLVED**, by the School Board of Independent School District No. 81 as follows:

Section 1: The Superintendent is hereby directed to implement the following health and safety measures to open the 2021-2022 school year:

1. All staff, students, and visitors within Independent School District 81 buildings, regardless of vaccination status, are recommended to follow the strategies of physical distancing, handwashing and respiratory etiquette, cleaning and disinfection, contact tracing, screening testing, and staying home when sick as defined in the "[CDC Guidance for COVID-19 Prevention in K-12 Schools.](#)"
2. All staff, students, and visitors within Independent School District 81 buildings are recommended to wear a mask, regardless of vaccination status. Individuals may voluntarily wear a mask if they so choose.
3. All staff of Independent School District 81 are recommended to be vaccinated, unless said person cannot be vaccinated because of a medical condition or a sincerely held religious belief.

Section 2: The Superintendent is hereby authorized, after consultation with the School Board Chair and notification to the School Board, to select and implement different health and safety measures for the School District or any specific school buildings without School Board action if the Superintendent reasonably believes that prompt implementation of different health and safety measures is necessary, and that constraints of time and public health considerations render it impractical to hold a School Board meeting to approve the implementation. The health and safety measures selected and implemented by the Superintendent shall continue in effect unless and until the School Board, in consultation with the Superintendent and appropriate school district staff and public health officials, deems it in the best interest of the School District and its students to implement different health and safety measures.

Section 3: The Superintendent will provide regular updates to the School Board regarding the School District's efforts to implement COVID-19 related educational and public health guidance issued by the MDE and the MDH, respectively.

Adopted this \_\_\_\_\_ day of \_\_\_\_\_, 2021.
