-Last week's question, salty won. We do apologize for having the same question up for so long. This week's question is...is dodge or ram better? I would like to remind students to refrain from throwing garbage into the bins, we like all of the participation. We are only able to accept cans meaning no water bottles, plastic bottles (yes this includes prime!)

-A message to our student driver's from Officer Cody:

Here are some more facts about Minnesota's distracted driving laws; What can't you do with your phone under the new law? You may not hold your phone in your hand. Also, a driver may not use their phone at any time for video calling, video live-streaming, Snapchat, gaming, looking at video or photos stored on the phone, using non-navigation apps, reading texts and scrolling or typing on the phone. The only time your phone should be in your hand is when you are in an emergency involving a threat to life and safety. If you have any questions feel free to come see me, and remember **PUT THE PHONE DOWN!!!**
