We are excited to introduce Online Registration for St. Louis County Schools!

Click here for a short video of the process:

<https://content.infinitecampus.com/sis/Campus.1825/video/learn/online-registration-for-parents/>

This system is expected to decrease the amount of paperwork families need to complete when enrolling their child and at the beginning of the school year. It will also help us to make sure we have the most current contact information for your child.

Both new families coming to our schools, as well as current families needing to update their information each year will use this system. Please follow the instructions below and if you have questions, contact your school office or the district office at 218-749-8130. You can also email questions to portal@isd2142.k12.mn.us.

Next Steps:

1. Choose the option below that best describes your situation.
2. Complete the steps in the registration process and submit.
3. Look for email when your enrollment is approved.

Current students

If you are registering an existing student (a student currently attending a St. Louis County School) please log into Infinite Campus Parent Portal to access registration information. There will be a link located on the bottom left hand side below the buttons called, Online Registration. The information will pull from the previous school year. You will be able to edit current student information as well as register a new student in the household.
