8. Other items:
- a. Southland Pavers: There was continued discussion on how to incorporate the paver idea. (Sample pic below) It was decided to have this be a product that is completed by PTO members and then sold to raise funds. The idea of starting with 50 pavers (25 base color red and 25 base color blue) will be painted by members. Then the SL logo will be added to them. Once they are completed the plan will be to sell them during the week of homecoming! The PTO will ask for volunteers to come and make these pavers during the summer. We will add this to the agenda for future meetings so that dates to make these are set and on people's calendars BEFORE we break for the summer. We think this will only need to be 2 different days to complete these. We need the 2 days due to the drying time in between.
