Internet Safety

Steve Sandvik, Mower County Sheriff

There has been a lot of talk lately about what our children are being exposed to on the internet. During this community event, Sheriff Steve Sandvik will be sharing tips to keep children safe in a digital age. Through technology and alarming tactics, youth in our community are vulnerable to exploitation at a young age. Sheriff Sandvik will share how today's children are interacting online, positive and negative implications of technology including tactics used by online predators. Please come and hear what is happening in Mower County and what you can do to keep your children safe.

The Dangers of Vaping

Chris Weis, Community Health Specialist with Mower County & Southland Parent

Big Tobacco has earned a reputation for their stealth tactics to expose kids to tobacco and vaping products. Protecting our youth has never been more difficult. Chris Weis, Community Health Specialist with Mower County Health & Human Services, will be sharing the dangers of nicotine use among youth and how easy it is for kids to access and conceal tobacco and vaping products.
