Drone Competition

Congratulations to Team 3008.

Our Aerial Drone Team captured the Tournament Title in a Drone Tournament at Kalani. Kiet Pham, Kate Kaneshiro and Robert Haak won the Excellence Award – thus qualifying to compete in the Nationals. They also had the winning alliance with the Punahou Team. Ten teams competed, including a team from California.

Scott A. Weiler STEM CTL Director of Innovation
ITEEA/International Technology and Engineering Educators Association

*As Director of Innovation for ITEEA's STEM Center of Teaching and Learning, it gives me great pleasure to share the exciting news that **Kalani High School is being recognized as an ITEEA STEM School of Excellence**. This honor is one of the great achievements granted by ITEEA and reflects your school's amazing work and accomplishments. We thank you for your investment in students and respect your unique abilities to inspire, engage, and lead learners toward their future. Kalani High School will be recognized at the Opening General Session of ITEEA's 2023 Conference in Minneapolis, Minnesota on **Thursday, April 13, 2023**, which begins at 9am. We ask that you dress in professional attire and arrive by 8:45am so that you can be seated near the stage – Scott A. Weiler*

Much of the success of the STEM Program is a result of the time and effort of **Bryan Silver**.

Bryan will be representing Kalani High School in Minneapolis on April 13, 2023.

School Quality Survey (SQS)

Parents/Guardians: We respectfully request a few moments of your time to complete the School Quality Survey (SQS) for Kalani High School. The SQS measures your perceptions of the safety and well-being of your child and your satisfaction and involvement/engagement with your child's school. Your responses will be kept confidential. One survey per child. Thank you for your time and feedback. Last day to complete the survey is March 10, 2023.

AHERA

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which mandated the Asbestos-Containing Materials in Schools Rule, 40 CFR Part 763. It requires all primary and secondary school buildings to be inspected by AHERA accredited inspectors and to identify all asbestos-containing building materials. The rule further requires the development of a management plan by an AHERA accredited management planner that is based on the findings of the inspection. The management plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. In February 2001, Hawaii Administrative Rules Chapter 11-502 was adopted by the Hawaii State Legislature. These rules essentially mirror the requirements of the AHERA regulations. In both cases, the rule requires our school to notify parents, teachers, and employees of the presence and status of asbestos containing material in our school buildings.

The initial inspection of our school was conducted in 1958 and identifies some asbestos-containing materials. Since that time, we continue to conduct periodic surveillances and triennial re-inspections to ensure that the asbestos-containing materials remain in good condition and do not pose a hazard to our students and staff. An asbestos management plan was drafted based on our initial inspection and submitted to the Hawaii State Department of Health. It outlines in detail the methods we will use to maintain the material in a safe manner. The management plan is updated regularly as asbestos is removed or conditions change. A copy of the management plan is on file in the administrative office and is available for your review during our regular school hours. Should you have any questions, please call the school at 808-305-0500.
