### **2,242 High School Seniors Are Awarded Full Scholarships to Top Colleges through QuestBridge**

QuestBridge is proud to announce the results of the 2023 QuestBridge National College Match, a program that connects high-achieving high school seniors with full four-year scholarships to 50 of the nation's best colleges. Out of over 20,800 applicants, QuestBridge selected 6,683 Finalists to be considered for the QuestBridge National College Match Scholarship (Match Scholarship). This year, QuestBridge's 50 college partners matched with 2,242 Finalists, who are recognized as Match Scholarship Recipients. This is the highest number of Match Scholarship Recipients to date for QuestBridge. "We are thrilled to welcome this historic number of QuestBridge Scholars," said Ana Rowena Mallari, Co-Founder and CEO of QuestBridge. "These Scholars will bring a depth of thought and range of experiences to our college partner campuses that will surely enrich their new communities."

Match Scholarship Recipients are admitted early to QuestBridge college partners with full four-year scholarships provided by the colleges and universities, ensuring for these students and their families that an education at a top college is affordable. QuestBridge's partners include top colleges and universities such as Brown, Claremont McKenna, Columbia, MIT, Northwestern, Swarthmore, Vanderbilt, and Williams. The Match Scholarship is made up of a generous financial aid package provided by the college that covers the full cost of attendance, including tuition, housing and food, books and supplies, and travel expenses. The Match Scholarship does not include loans or a parental contribution. This year's Match Scholarship Recipients come from 50 states and the District of Columbia, as well as the territories of Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands.

These outstanding high school seniors have an average unweighted GPA of 3.94, and 93% are in the top 10% of their graduating class. The majority of this year's Match Scholarship Recipients — 82% — are among the first generation in their families to attend a four-year college in the United States.

Since 2003, the QuestBridge National College Match has successfully connected over 14,500 students with full scholarships at college partners. These 2023 Match Scholarship Recipients become the first QuestBridge Scholars for the Class of 2028. Based on an estimate of prior years, 40% of non-matched Finalists were admitted to at least one college partner through QuestBridge Regular Decision or other admissions rounds.

All Finalists who ultimately matriculate to QuestBridge college partners join the QuestBridge Scholars Network, which connects students to a community of like-minded peers. QuestBridge also provides enriching programs for its Alumni, including the opportunity to apply for full-tuition scholarships to top business schools through the Graduate School Match: MBA. The QuestBridge Scholars Network and Alumni Association now include over 25,000 current college students and graduates worldwide.

### Chengdu Debate Challenge

Seniors *Kalina Hotema* and *Leyna Ko* returned from representing

Kalani High School and Honolulu in the Debate Challenge.

The China (Chengdu) U.S. Sister Cities Youth Debate Challenge was launched in 2016 in an effort to enhance the friendship and partnership between Chengdu and its U.S. sister cities (Honolulu).

Kalani High participated in 2019 and has not participated since because of the global pandemic.

### Congratulations

The **Japan-America Society of Hawaii (JASH)** and Japan's **Soshi Educational Group (SEG)** are partnering on an Educational and Cultural Exchange program to introduce Hawaii's high school students to educational opportunities in Japan after completing high school. The inaugural program includes all-expense-paid six-day trip to Hokkaido, where students will engage in cultural exchanges with local high school students at the Clark Memorial International High School, Kita-no-Daichi Genki-no-Izumi Campus; explore Hokkaido's capital city of Sapporo, and have chance to experience snowboarding. JASH selected 10 students enrolled in 10th or 11th grade for the 2023-2024 school year to experience Hokkaido and participate in this program scheduled.

*Donovan Morikone* was selected as one of the 10 participants!

### Kalani High School Coast Guard Junior ROTC Program

Congress has mandated that there needs to be at least 1 CGJROTC Unit in every congressional district by 2025. Kalani High School has been approached and has submitted an application for program consideration starting in the Fall of 2024.

**We have received tentative approval and Maritime Science 1-4 will be listed in our Manual of Studies for SY24-25.**

JROTC is not just for those students who are interested in serving in the military!

- In fact, less than 5% of students enrolled in JROTC ever join a branch of the service.
- However, we will assist those students who desire to achieve their goal to serve in the military.
- Instructors also assist JROTC students to achieve their post-secondary goals for college scholarships, college enrollments, A+ benefits, and trade schools
- Our main goal is to provide citizenship and leadership development focusing on those Essential Learning Skills (Soft Skills) necessary for today's competitive workforce.

### CGJROTC Program Mission and Goals

The **mission** of CGJROTC is *developing service-minded citizens of character.*

- Building character and values
  - Learning about government and military operations from history to present day
  - Preparing for a successful career
  - Honoring community and country
  - Learning to lead self, to lead others, and to be a positive and productive team member
- CGJROTC is a strategic investment in our future citizens and leaders  
with near and long-term benefits for the Service and society.

## **ASET FEE \$60.00**

Once your child has been selected to a team, parents will receive an email asking you to log into your child's account to pay the \$60.00 Athletic Supply Equipment & Transportation (ASET) fee. The amount of money allocated by the DOE for Athletic Transportation is much less than is needed considering the current cost of buses. This fee (pays for buses) is charged once per school year regardless of the number of teams your child gets selected for. A \$3.00 convenience fee is applied to online payments.

## **Annual Notice of Non-Discrimination and Anti-Harassment Statement**

The Hawaii State Department of Education (Department) does not discriminate on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. This requirement extends to all of the Department's programs and activities, including employment and admissions as applicable. If you have difficulty understanding English, you have the right to receive language assistance at no cost to you. Please contact your school's principal for more information. For the Department high schools that offer Career and Technical Education (CTE) Programs of Study in arts and communications, business, health services, industrial and engineering technology, natural resources, and public and human services, there are no admission criteria. Department high schools will take steps to assure that the lack of English language skills will not be a barrier to admission and participation in CTE programs and will provide equal access to designated youth groups. The Department does not tolerate acts of harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. Any student who believes that he or she has been subjected to harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion is encouraged to report such harassment. Students and parents may report allegations of discrimination or harassment to the school's administrator or to the Department's Civil Rights Compliance Branch at the address listed below. The Department is committed to conducting prompt investigations. Support, including counseling and educational resources, will be available to students who are harassed as well as to students found to have engaged in acts of harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. Students found to have engaged in harassment may be disciplined up to and including suspension if circumstances warrant. Students, parents, and Department staff should work together to prevent harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion. The Department will not tolerate retaliation for reporting discrimination and/or harassment on the basis of race, color, national origin, ancestry, sex, gender identity, gender expression, sexual orientation, age, disability, and religion, and will take steps to protect those who wish to report the discrimination or harassment. Please direct inquiries regarding Department nondiscrimination policies to:

## **AHERA**

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which mandated the Asbestos-Containing Materials in Schools Rule, 40 CFR Part 763. It requires all primary and secondary school buildings to be inspected by AHERA accredited inspectors and to identify all asbestos-containing building materials. The rule further requires the development of a management plan by an AHERA accredited management planner that is based on the findings of the inspection. The management plan outlines our intent in controlling the potential for exposure to asbestos fibers in our school. In February 2001, Hawaii Administrative Rules Chapter 11-502 was adopted by the Hawaii State Legislature. These rules essentially mirror the requirements of the AHERA regulations. In both cases, the rule requires our school to notify parents, teachers, and employees of the presence and status of asbestos containing material in our school buildings.

The initial inspection of our school was conducted in 1958 and identifies some asbestos-containing materials. Since that time, we continue to conduct periodic surveillances and triennial re-inspections to ensure that the asbestos-containing materials remain in good condition and do not pose a hazard to our students and staff. An asbestos management plan was drafted based on our initial inspection and submitted to the Hawaii State Department of Health. It outlines in detail the methods we will use to maintain the material in a safe manner. The management plan is updated regularly as asbestos is removed or conditions change. A copy of the management plan is on file in the administrative office and is available for your review during our regular school hours. Should you have any questions, please call the school at 808-305-0500.
