Family Education Rights and Privacy Act (FERPA) Annual Notice for Release of School Directory Information Elementary or Middle School

Dear Parent or Guardian:

The Family Educational Rights and Privacy Act (FERPA) is a federal law that requires the school district, with certain exceptions, to obtain your written consent prior to the release of personally identifiable information from your child's educational records. The exception is that the school may release some student information without written consent when the information is designated "Directory Information". The school may not release "Directory Information if you have advised the district in a way that follows school district procedures that you do not want this information released. Using this form to make this request follows school district procedures.

The primary use for Directory Information by the district is to include this type of information in certain school publications. It is generally not considered harmful or an invasion of privacy if released. Examples of school publications are:

- honor roll or other recognition lists published at school or in newspapers
- school or student directory
- the school or district website

Directory Information can also be released to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to:

- other schools the student is seeking to attend (transcripts, etc.)
- state or federal authorities auditing programs, evaluating programs, or enforcing state or federal laws
- a court by order of a subpoena (legal request)
