

Educational Benefits

~ More than just free meals ~

Why aren't meals free for the 22-23 school year? The USDA made it possible for school nutrition programs to serve all students free breakfast and lunch through "waivers". Congress did not extend these waivers for the 22-23 school year, so we will go back to regularly priced meals for all students. To see if you qualify to receive these benefits, you **must** fill out an application form and return it to the Elementary or High School office. Forms can be found on the district website: www.kingsland.k12.mn.us
