Become a
Certified Nursing Assistant

A Certified Nurse Assistant (CNA) is an individual who works primarily in long-term care facilities or nursing homes. The CNA assists residents with activities of daily living, such as bathing, dressing, or eating.

3-week course: June 12th-29th from 8:00am-2:00pm daily
See registration page for further details on dates/times.
A nurse assistant/aide certification requires 75 training hours.

Upon successful completion of the Nursing Assistant course, you will be able to take the State of MN Competency Exam. In order to be listed on the Minnesota Nursing Assistant Registry, you will need to pass the Minnesota State Registry Test. Once on the registry, you will qualify to work in nursing homes, hospitals, rehabilitation centers and other medical services facilities. The course also serves as a stepping stone to further education in nursing. Cost of the certification test will be the students responsibility, all facilities in the state of MN will reimburse the test-out cost once they start working as a CNA.

Must be 16 years of age or older. More information can be found on the Dept. of Health website by searching Nursing Assistant.

Cost: $600/person
Includes book and workbook.
Bring your own lunch.
