

EARLY CHILDHOOD FAMILY EDUCATION

Le Roy - Ostrander's

Early Childhood Family Education (ECFE)

ECFE offers parent and early childhood education for families with children between birth to five year old. ECFE is based on the idea that family provides a child's first and most important learning environment and parents are a child's first and most significant teachers. ECFE works to strengthen families and enhance the ability of all parents to provide the best possible environment for the healthy growth and development of their children.

Parent/Child Classes

Parent/Child Classes are held from 6:15 - 7:45 p.m. with activities for parents and children together, then parents separate from children for discussion led by a Parent Educator, while children remain with an Early Childhood Educator for age-appropriate activities for the remainder of the time. All classes and events will be multi-age including newborns through five year olds. You may bring one or more of your children to these events. Classes will be held in the L-O Pre-school room. Since the pre-school room is now in the elementary hallway, parents can park behind the school in the playground area and come in through the breezeway. Each class costs \$2/child with a maximum amount of \$75/family for the whole year. Advanced registration is appreciated, but not required. Sibling care is available upon request. Scholarships are available. Please contact Diane Whalen at 507-202-1381 for more info.

Dates of Classes-check the ones you registered for. Keep for your records.
