

Dear parents,

Please review the following course choices with your student. Your student should select one course per period unless he or she has fulfilled the credit requirement for the subject in which case additional credits may be taken in that subject area to fulfill the 7 elective credits. Please review your student's transcript to ensure he or she is on track to graduate on time. If a course is listed with an "S1" or "S2," it is a semester class. The number following the "S" denotes in which semester the course is offered.
