

March 26, 2020

Parents,

As concerns for the Coronavirus continue to increase, we want to assure parents and families in the LeRoy-Ostrander School District that we have been in contact with our local health partners, the Center of Disease Control (CDC), Minnesota Department of Health, Minnesota Department of Education, and many other professional agencies. As always, and as we move forward, our focus is to ensure the safety of all our students and staff members as we continue to educate our students to the best of our abilities.

The staff has been working diligently to create a plan and process of distance learning for all of our students. You may have already received a few messages from your child's teacher in regards to communication tools and methods. Communication and working together will be a vital to the success of our children. This will take all of us working together to make this a successful venture. Please don't hesitate to reach out to the staff or the district office if you have questions or concerns. This will be a learning process for all of us moving forward.

Calendar of upcoming dates:

- **March 30** – Staff Development Day NO SCHOOL
- **March 31** – Distance learning begins/Quarter 4 begins
- **April 10** – Potential end to 'Stay Home MN'; only essential staff will be in the building(s) for limited hours until this ends.
- **April 10 – 13** – Easter Break as planned (No Distance Learning)
- **April 14** – Distance Learning Resumes for Staff and Students
- **May 1** – State mandated NO SCHOOL for students (staff work day)
- **May 4** – State mandated NO SCHOOL for students (staff work day)

I want to assure you we are trying to be conscience of our families' demanding schedules at this time. We all need to be flexible and work together for what is best for the students. As this is uncharted territory for all of us, we are bound to meet obstacles that we could have never predicted. I encourage you; do not hesitate to reach out to your child's teacher or district office if you need assistance.

In the meantime, continue to check for messages sent out by the school via email, Infinite Campus, our school webpage and Facebook page, and any communication tool/app set up by your child's teacher. There will be more information delivered as we continue moving forward through this time.

Sincerely,

Aaron Hungerholt
PreK-12 Principal
