

Did you know you could check your lunch account on JMC with your Parent Access?

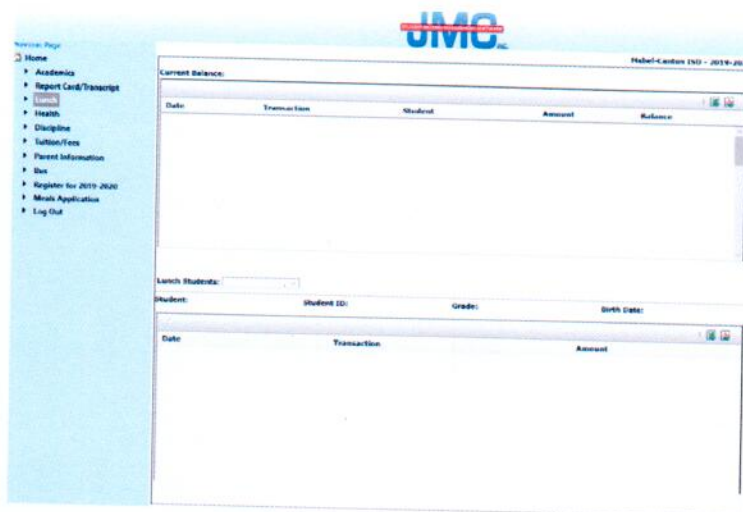

Log into your Parent Access Account on JMC and you can get answers for all those questions!

The web address is: <https://mabelcanton.onlinejmc.com/>

Contact the office for your username and password then log in under the *Parents* tab.

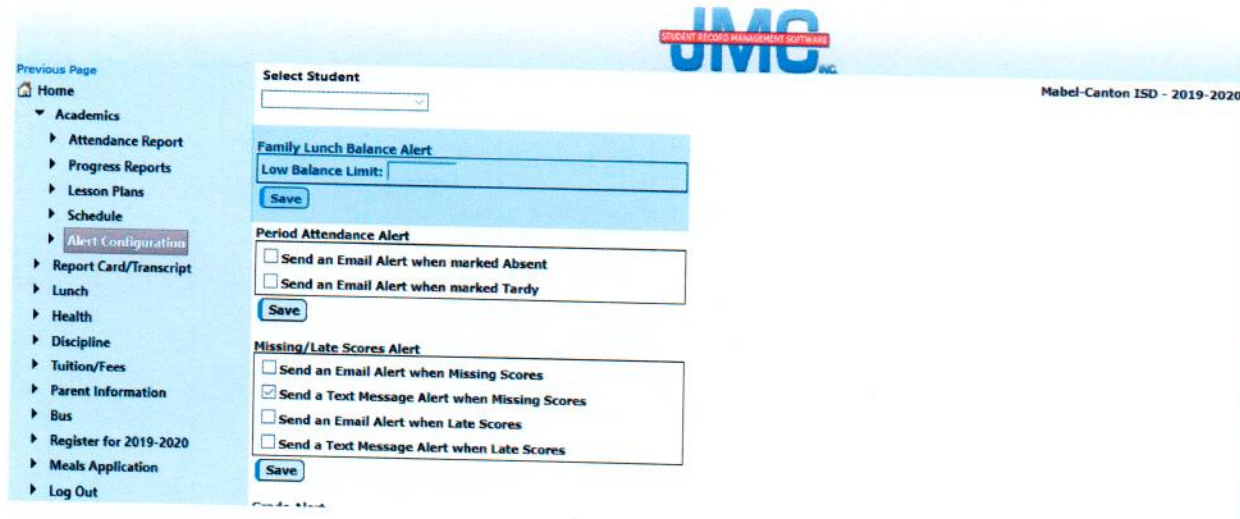

With access to your account, you will be able to check your hot lunch account balance and see your student's purchase history and your family deposit history by clicking the **Lunch** tab.

The top will show all purchases and deposits for all the students linked in your Parent Access account. The bottom half gives you the option to select students separately.

Mabel Canton School also sends out notification emails once the account reaches \$6.00. If you would like to be notified when your account reaches a different amount, you can log in and go to:

Academics ► Alert Configuration- fill in *Low Balance Limit* under the *Family Lunch Balance Alert* then click save.

If your family is not in a Family Account and you would like them to be, email hotlunch@mabelcanton.org.
