to me

Hello Again, I want to clarify a point made earlier in my email regarding e-learning. All Minnesota public schools are to start e-learning on March 30th and no earlier IF the school closure mandate is extended. Schools will be notified later next week regarding the closure and its' length. In turn, I will notify Medford families of the closure status. Our goal over the next two weeks is to continue to develop plans to reach all of the individual needs of our students via e learning if needed. Again e-learning will begin March 30th if the closure is extended. Sincerely, M. Ristau Superintendent
