Science	3.0 credits	Electives	8.0 credits
		Total Credits	24.0

POST SECONDARY ENROLLMENT OPTIONS

_____ I plan to take one or more courses at a post secondary institute during the 2023-2024 school year.

Post secondary institute I plan to attend _____

PSEO requirements: Minimum cumulative GPA for juniors is 3.0, minimum cumulative GPA for seniors is 2.5
Some courses require multiple measures requirements.

For MI-B High School juniors and seniors planning to earn their required high school credits through PSEO, the following is enforced:

- Students must fulfill high school graduation requirements. Communication with college PSEO advisor and high school counselor regarding course registration is strongly encouraged
- A PSEO student will receive an 'F' on their high school transcript for withdrawing from a college course.
- No credit will be given for PSEO courses that are near equivalent to those already completed at or enrolled in the high school.
- PSEO students must complete a minimum of six high school credits annually.
- MI-B is not responsible for providing transportation or tracking attendance for PSEO students.
- PSEO students may not be on MI-B campus during the school day unless they are enrolled in a high school course or there is a special event.

College in the Schools

College in the Schools is another PSEO option in which Minnesota North partners with Mt. Iron-Buhl to provide college-level courses at the high school. Participation in College in the Schools (CIS) courses allows high-achieving students the opportunity for challenging coursework while remaining with their peer group at the high school.

CIS requirements: Minimum cumulative GPA for juniors is 3.0, minimum cumulative GPA for seniors is 2.5

The following CIS courses will be offered at MI-B during the 2023-2024 school year:

- COMM 12109 Intro to Communication – 3 college credits
(MnTC Goal Area 1)
- ENGL 1231 College Composition I – 4 college credits
(MnTC Goal Area 1)
