## PRE-SEASON AND PRACTICE REQUIREMENTS

A player must participate in five (5) calendar practice days before participating in a lacrosse game, scrimmage, or jamboree. It is recommended that contact be prohibited for the first two days of practice. Schools are limited to 5 exhibition dates throughout the season. If a team qualifies for the tournament one additional exhibition game may be added.

## MANDATORY RULES CLINIC

### Boys Lacrosse

All boys’ coaches (all levels-paid and volunteer) are invited to attend the rules clinic offered by the MLOA on **Sunday, January 28, 2024 at Scarborough High School**. For those coaches that do not attend the virtual meeting they will be required to watch the recording of the clinic. A link for the recording will be provided later.

### Girls Lacrosse

All girls’ coaches (all levels-paid and volunteer) are invited to attend the rules clinic offered by the MWLCA on **Saturday, January 27, 2024 at Colby College**. For those not

able attend the coaches' meeting they will be required to watch the recording of the clinic. A link for the recording will be provided later.

### **EYE SHADE (Grease or no-glare strips or stickers)**

Eye shade that is not a solid stroke, or includes words, numbers, logos, or other symbols within the eye shade are illegal.

### **WEATHER CONDITIONS**

The safety of athletes (*participants*), spectators, coaches/directors, school personnel, and all others present at an athletic contest must be the first concern to the contest officials and building administrators.

1. When an interscholastic contest has been scheduled and dangerous playing conditions exist, or severe weather is anticipated, the following should be considered:
  - a. Prior to beginning an athletic contest, when severe weather is anticipated, the head contest official and the principals of each school, or their designees, will meet to review the suspension and/or postponement procedures. This would include any playing rule book coverage.
  - b. The host school administrator will be responsible for informing contest officials, visiting school administrators and, if applicable, the individual responsible for public address announcements of designated shelter areas.
  - c. When lightning is observed, or thunder is heard near a contest conducted outdoors, play should be suspended.
  - d. If any other life-threatening condition occurs, play should be suspended immediately, and predetermined directions to safe locations will be announced.
2. When a suspension of a contest occurs, the following should be considered:
  - a. If the suspension is forty-five minutes or greater, resuming later should be considered.
  - b. Play shall not be resumed until **30 minutes** after the last flash of lightning or clap of thunder.
  - c. When weather conditions are no longer a threat to the safety of participants, spectators, or contest officials, administrators from all schools involved will meet with the head contest official to determine if play will continue.
  - d. If play is to be resumed, contestants will be given at least a fifteen-minute warm-up period prior to competition.
3. If evacuation is necessary, the following should be considered:
  - a. If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators should evacuate to available safe structures or shelters. A list of the closest safe structures should be announced.
  - b. All personnel, athletes and spectators should be clearly informed of available safe structures or shelters in the event a thunderstorm approaches. A list of the closest safe structures should be announced. The person in authority must be aware of the amount of time it takes to get to each structure and the number of people each structure can safely hold. For large events, time needed for evacuation is increased and there must be a method (i.e., announcement over loudspeaker) for communicating the need for evacuation and directing both athletes and spectators to the appropriate safe shelters.

- c. The most ideal structure is a fully enclosed, substantial building with plumbing, electrical wiring, and telephone service, which aids in grounding the structure. A fully enclosed automobile with a hard metal roof and rolled up windows is also a reasonable choice. School buses are an excellent lightning shelter that can be utilized for large groups of people. However, it is important to avoid contact with any metal while inside the vehicle.

Avoid using shower facilities for safe shelter and do not use showers or plumbing facilities during a thunderstorm as the current from a local lightning strike can enter the building via the plumbing pipelines or electrical connections. It is also considered unsafe to stand near utilities, use corded telephones or headsets during a thunderstorm, due to the danger of electrical current traveling through the telephone line. Cellular and cordless telephones are considered safe and can be used to summon help during a thunderstorm.

When caught in a thunderstorm without availability or time to reach safe structures, you can minimize the risk of lightning-related injury by following a few basic guidelines:

- Avoid being the highest object. Seek a thick grove of small trees or bushes surrounded by taller trees or a dry ditch.
- Avoid contact with anything that would be attractive to lightning. Stay away from freestanding trees, poles, antennas, towers, bleachers, baseball dugouts, metal fences, standing pools of water, and golf carts.
- Crouch down with legs together, the weight on the balls of the feet, arms wrapped around knees, and head down with ears covered.

### **TERMS AND CONDITIONS**

The Maine Principals' Association authorizes the Lacrosse Committee to establish terms and conditions in this bulletin to govern all regular season and tournament games as indicated. The National Federation of State High School Association's Lacrosse Rule Book will govern boys' and girls' lacrosse. The committee asks schools and officials to meet the intent of the rules published. Women lacrosse officials are expected to be members of the NFHS Officials' Association, and the U.S. Lacrosse Association.

### **FIELD SIZE**

The playing field for both boys and girls must meet the NFHS Field Specifications as outlined in the 2024 NFHS Rulebook. **Any field (boys, girls, unified) with a fixed object (i.e.-goal post) must be lined so that the fixed object is NOT in play.**

### **SPORTSMANSHIP**

Integrity, fairness, and respect are the principles of good sportsmanship. With them, the spirit of competition thrives, fueled by honest rivalry, courteous relationships, and graceful acceptance of results. Coaches and athletes are displaying their personal character, but also are representing their parents, teachers, school, and community on the field of competition.

Profanity/vulgarity of any kind will **NOT** be tolerated. Officials, coaches, and school administrators are asked to address violators.

### **SPORTSMANSHIP AWARD**

The Lacrosse Committee is committed to promoting and recognizing outstanding sportsmanship during the regular season and throughout the tournament. Good sportsmanship is conduct which imposes a type of self-control involving honest rivalry, courteous relations among the players, coaches, and officials, and graceful acceptance of results. To make the sportsmanship banner selection process meaningful the committee asks that coaches and athletes from all levels of the program be involved in the voting process.

#### **Areas to be considered:**

- A. Neat attire by players, coaches, and managers.
- B. Players supporting one another on the field/court/ice and from the bench.
- C. No acts of unnecessary roughness/taunting.
- D. No inappropriate gestures, language, or expressions.
- E. Players use appropriate and positive communication with their coach.
- A. Players and coaches treat officials with respect—no inappropriate gestures, language, or expressions.
- G. Positive community involvement.

Sportsmanship banners will be presented in all classes.

Sportsmanship voting will take place after the season using the on-line sportsmanship voting link provided on the MPA website. Any school that receives an ejection, at any level in the program, shall be ineligible for the award. Schools that do not submit a sportsmanship ballot may not be considered for the award.

### **EJECTION RULE FOR COACHES AND STUDENT ATHLETES**

Ejection Rule - - In all team and individual sports (varsity or subvarsity), ejection or disqualification from a game, meet, or match for unsportsmanlike behavior of any form, by a coach or a player shall result in the suspension of that player or coach. The coach or player ejected from a contest must sit out all contests at all levels until the coach or athlete completes the ejection penalty by sitting out the next game at the level from which he/she was ejected. This rule applies to a game, meet, or match suspended before completion as well as a completed contest. This penalty may not be served by sitting out an exhibition, subvarsity, or other competition. A suspended coach may not be present at the game site. Not being physically present at the site means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands, or site area before, during, or after the game/meet. Any coach or player ejected from the last game, meet, or contest of a sports season shall serve a one game suspension in the opening countable game, meet, or contest in the next varsity sport in which he/she participates. This policy will not prevent standing committees from imposing more restrictive disciplinary action. (Effective Date: 1997; Revised: 1998; 2000; 2007; 2008)

If an athlete or coach is ejected from a contest, they must sit out the remainder of that contest, as well as all contests at all levels, until the coach or athlete completes the

ejection penalty by sitting out the next game at the level from which he/she was ejected. This includes scrimmages and exhibitions prior to the next countable game. If a player/coach receives a game misconduct or disqualification in an exhibition game, they would be removed from the game and may not participate until they have sat out the next countable game. This includes any postgame ejection, including the awards ceremony.

Prior to their return to the sideline any coach ejected from a game must complete the NFHS *“Teaching and Modeling Behavior”* video that is available at the NFHS website ([www.nfhslearn.com](http://www.nfhslearn.com)).

Schools must submit the online ejection report prior to the coach or athlete participating in the next game.

Prior to their return to play any player ejected from a game must complete the NFHS *“Sportsmanship”* video that is available at the NFHS website ([www.nfhslearn.com](http://www.nfhslearn.com)).

A second ejection shall result in the player or coach sitting out the remainder of that game and becoming ineligible to participate until they have sat out the next two countable games.

A player or coach that receives a third ejection will become ineligible for the remainder of the lacrosse season.

USA Lacrosse has adopted the following rule for women’s lacrosse:

- The head coach will be responsible for the behavior of personnel affiliated with their team, including all assistant coaches, and will receive any cards related to lack of bench decorum. In the event the head coach does not effectively control the action of her team’s spectators, the head coach may be assessed a card. Any card given to a head coach will count towards their team’s cumulative total. If the coach is carded, she/he must designate a player who must leave the field and enter the penalty area to serve the entire two minutes of elapsed time.
- Any player **or coach** receiving two yellow cards in a single game must sit out the remainder of that game. **They may participate in the next game.**
- Any player **or coach** receiving a red card must sit out the remainder of that game as well as the team’s **next game**. If a red card is issued to the coach due to the behavior of bench personnel, the head coach and the offender shall be removed from the field.
- When a card has been issued, a player must leave the field and serve a penalty of 2 minutes (yellow card) or four minutes (red card). Her team must play short in both their offensive and defensive ends of the field.
- When a team receives a **fourth** card of the game the team will play shorthanded for the remainder of the game. They will lose an additional player each time another card is received.

Note: Any coach serving a next game suspension shall not be allowed in attendance at the site of the game, either on the field, in the team bench area, or in the spectator area of the site. An ejected player may not participate in the next game but may be in the

team's bench area. The ejected player may not be dressed in her game uniform. Violation of this policy will result in the game being forfeited and a red card being issued to the offending player or coach.

Prior to their return to the sideline any coach ejected from a game must complete the NFHS *"Teaching and Modeling Behavior"* video that is available at the NFHS website ([www.nfhslearn.com](http://www.nfhslearn.com)).

### **BONA FIDE TEAM RULE**

A member of a school team is a student athlete who is regularly present and actively participates in team practices and competitions. Bona fide members of a school team are prevented from missing high school practice or competition to compete or practice elsewhere.

\* Two waivers per student athlete per sport season may be granted by the principal on a case-by-case basis for extraordinary circumstances. (e.g., If a student/athlete were invited to participate in a prestigious weekend event then a waiver may be granted. If a student/athlete were invited to participate in a nationally recognized tournament over a school vacation, then **that** waiver may be granted for that activity. If a student requests to miss practice every Friday because he/she is receiving specialized coaching from an outside team/coach, then a waiver should not be granted **because it violates the spirit and intent of the rule.**)

\*\* This policy is not intended to restrict dual sport participation in schools that allow dual participation.

\*\*\* Penalty for violation of this policy:

1<sup>st</sup> Violation: Suspension from play for one game/contest

2<sup>nd</sup> Violation: Removal from team for remainder of season

(Effective Date: 2011, updated 2019)

### **CRITERIA OF PLAY**

Teams may play a maximum of fourteen (14) games and a minimum of 8 games. The games with MPA member schools will be the only contests used in determining seeding for the MPA Lacrosse Tournament. It is the expectation of the MPA Lacrosse Committee that all scheduled games will be played.

### **QUALIFICATION FOR INVITATIONAL LACROSSE TOURNAMENT**

Teams will be seeded for tournament play according to their finish in the Heal Point standings. Two-thirds (2/3) of the teams participating in each class will qualify for postseason tournament play. Games will be held at the site of the higher seeded team through the statewide quarterfinal games.

### **HEAL POINT REPORTING**

Athletic Directors are responsible for the reporting of home games ASAP following the completion of the game. Coaches/athletic administrators are asked to enter results through the link on the MPA website. Please report all rescheduled games to the site.

### **TIE IN HEAL POINTS**

All ties will be resolved (for play-off bracket position) by looking first at head-to-head competition results and second, if the tie is unresolved, by a flip of a coin. If there is a tie for the last playoff position, after looking at head-to-head play, a play-in game will be scheduled. The home team will be determined by a flip of a coin.

### **APPEAL PROCEDURE**

The results of an athletic contest are final after the game in accordance with the Maine Principals' Association's By-Laws.

### **MAKE-UP GAME**

If a regular season game is postponed, the schools involved are to reschedule the game for the next mutually available date. It is the expectation of the MPA Lacrosse Committee that all scheduled games will be played.

Schools may schedule only two (2) regular season games the last week of the season (May 27 – May 31).

**No make-up games may be scheduled during the final week of the season unless they are games that were regularly scheduled for that week. Games postponed prior to the final week must have been made up before that date. Exceptions to this will be made only with prior approval of the MPA Lacrosse Committee Chairperson.**

### **INTERRUPTED/SUSPENDED/CALLED GAMES**
