Meet Jen Mickels!

I grew up in Fargo, North Dakota and graduated from Fargo South High School in 2010. After high school, I went to college at North Dakota State University. At NDSU, I first graduated in 2014 with a Bachelor of Science degree in Human Development and Family Science and General Music. I thought I wanted to be a therapist but something just didn't feel quite right. Because of that feeling, I went back to NDSU and got my Bachelor of Music Education degree and graduated in 2017. It is the best decision I have ever made! Now I have the privilege of teaching Kindergarten and 1st grade music classes as well as all of the different bands Ortonville School offers.

Some of my favorite things to do during my free time are to go for walks by the lake, explore Ortonville and the surrounding area, play French Horn in the community band in Appleton, read a good book, and visit friends and family.

I am so happy to be working in the Ortonville School District. I have already made friends with some amazing coworkers and I love my students to pieces. I'm excited to see where the rest of the school year brings us!

WANT TO TEACH A COMMUNITY EDUCATION CLASS OR HAVE A NEW PROGRAM IDEA?

New program ideas & instructors are always welcome in Ortonville Community Education. Please email sara.wollschlager@ortonville.k12.mn.us your special skill, talent, hobbies, career experiences, or expertise you are willing to share with the community. Classes are flexible because they are built around the needs of the people involved. We strive to provide a quality educational experience for our participants. People make the difference & we WELCOME your ideas!

Painting with Watercolor—*Continuation of Fall Class*

This class will teach you to mix colors on the pallet and on wet paper.

Dates: Apr. 12, 17, 26
Time: 6-8pm
Cost \$27/person
Instructor: Neva Foster
Location: OHS Art Room

What to bring:

- Watercolor paper—arches is best, I have

some if you need to buy some

- Watercolor paints & brushes
- Water dish
- Paper towels to dab brushes on
- A fine mister bottle
- Board to paint on, otherwise paint on the art table
- Bring a picture of the flowers you would like

to paint or I will have some pictures there for you to use.

- It is best to have your watercolor paint dried on a palette a few days before the class, this allows you to control the amount of color you use rather than when it is fresh from the tube.
- Max Class Size: 10

ZAPPING the ACT Test

Provider: Doorway to College

ZAPS test-preparation seminars are carefully designed to help each student do his or her personal best on the ACT. Students who complete the ZAPS seminar—and practice our tips and strategies at home—typically raise their ACT scores by 2 to 4 points. In the five hour ZAPS seminar, students will learn strategies for improving in all four subtests, take shortened practice tests that mirror the actual testing experience, and get suggestions for individualized study in the days leading up to the ACT test offered to all juniors in Ortonville on April 14th, 2018. Attendees receive a comprehensive Study Guide and 24 practice test workouts with detailed answer explanations. Students should bring a calculator and two pencils to the seminar.

How to Take Better Pictures with your Digital Camera

Date: Wednesdays starting April 11 (6 classes)
Time: 7:00pm-9:00pm
Location: back room at Berkner Pizza
Instructor: Steve Berkner
Cost: \$110/person

Description: This class is designed for the Beginner through AD-VANCED level photographer. Photographers who want a better understanding of how their interchangeable Digital Single Lens Reflex camera and/or their Interchangeable Lens Mirrorless Camera works and how to apply that knowledge when taking pictures.

The class will concentrate on the basic mechanics on how and why a digital camera forms an image. It will give the participant an opportunity to improve their photography skills through six weekly classroom sessions & three optional weekend workshops.

The course will meet weekly on Wednesday evenings starting April 11th and run for six consecutive weeks. The optional workshops meet on various weekends for those students who wish to expand their photography knowledge via a "hands on" approach.

The course includes one copy of Bryan Peterson's "Understanding Photography Field Guide". The participant must have access to their own digital camera, as well as a computer to transfer images to a USB 2.0 flash drive or an email account to turn in assignments.

This class can also be beneficial to students who have advanced point and shoot cameras but is not intended for students that have camera phones. If a prospective student has any questions please contact the instructor.

The class needs a minimum of eight students and is limited to 15.

Patriotic Fringe Flag

Please join me in creating this patriotic fringe flag! This flag is the perfect size/weight to hang almost anywhere and can be used as your décor for many different holidays (Veteran's Day, Memorial Day, 4th of July)! I will be sure to have a wide variety of fabric, lace, jute, etc. so you can make it to fit your style.
