

RILL Basketball Playoff Tiebreakers

- **Established tie breaker formula for Divisional Championship Playoff Seeding:**
 1. If there is a tie between two teams, head-to-head record will be the tie breaker.
 2. If there is a tie between more than two teams, pool record will be the tie breaker. Pool records will be the win/loss record among the tied qualifying teams only. If this process leaves two (2) teams still tied, revert back to #1 (head-to-head competition).
 3. If H-H/Pool records do not break the tie, then matching teams' records against teams with a higher league record, starting with the highest ranked team and then moving one lower team ranking a team at a time. If this process leaves two (2) teams still tied, revert back to #1 (head-to-head competition).
 4. If #3 does not break the tie, then matching teams' records against teams with a higher Division record, starting with the highest ranked team and then moving one lower team ranking a team at a time. If this process for more than two tied teams leaves two (2) teams still tied, revert back to #1 (head to head competition).
 5. If #4 does not break the tie, then matching teams' records against teams with a lower league record, starting with the highest ranked team and then moving one lower team ranking a team at a time. If this process leaves two (2) teams still tied, revert back to #1 (head-to-head competition).
 6. If #5 does not break the tie, then matching teams' records against teams with a lower division record, starting with the highest ranked team and then moving one lower team ranking a team at a time. If this process leaves two (2) teams still tied, revert back to #1 (head-to-head competition).
 7. Coin toss will be used to break the tie.

- **Established tie breaker formula for State Championship Playoff Seeding:**
 1. Schools will be seeded based on their final power ranking.
 2. If two or more schools are tied the school in the higher Division will be awarded the higher seed.
 3. If the schools are still tied after tiebreaker #2, then the established Divisional Playoff tie breaker formula including Divisional Playoff Wins will be used to determine the order of the seeding.
