Making a Positive Difference

The background of the entire graphic is a photograph of three female soccer players in action on a green field. The player in the foreground is wearing a white jersey with "MOUNTAIN" visible, black shorts, white socks, and white cleats. She is wearing black face paint under her eyes and is in a dynamic pose, leaning forward with her right leg extended. Behind her, another player in a green jersey is also in motion. In the background, a third player in a white jersey is visible. The field has white yard lines, and a green fence is in the distance.

The Ortho Rhode Island ACL Injury Prevention Program

ACL injuries are common in high school athletics, particularly among female athletes, who are five times more likely to sprain, tear, or rupture their ACL than their male counterparts. But regardless of gender or sport, ACL injury prevention programs are valuable tools for reducing injury risk for high school athletes. Research shows these programs can help reduce injury by 53%.

The goal of the Ortho Rhode Island ACL Injury Prevention Program is to decrease incidence of ACL injury in high school athletes, with a fun, educational focus on three key elements:

agility | **strength** | **plyometric**

Athletes must be sufficient in each of these categories to decrease their risk of ACL injury. They will finish our program with an increased understanding of cross-training and how to correctly perform basic exercises. We provide an easy-to-follow and effective plan that high schools can incorporate into their athletes' warmups and pre-season training. This plan includes:

- A three-week pre-season exercise progression
- A warmup routine
- Videos of each warm up and exercise

For more information, call Tracy Gannon at 401.777.7000 ext. 2214 or email tgannon@orthopedicsri.com.

The Ortho Rhode Island Running Injury Prevention Program

Track and field and cross country are among the most popular sports with high school athletes. While running develops physical and mental fitness, it also increases stress to our bones, tendons, and muscles. Running challenges our bodies with two to three times our bodyweight, demanding more of our hips, knees, and calves. As the volume and intensity of training grows, so does the risk of developing a lower extremity injury. Approximately 30% of high school athletes can sustain a running-related injury during their season.

The goal of the Ortho Rhode Island Running Injury Prevention Program is to decrease incidence of running-related injuries in male and female high school athletes with a free, fun, educational focus on three key elements:

Mobility | **Strength** | **Plyometrics**

Athletes will finish our free program with an understanding of navigating pain while running, identifying common injuries, and correctly performing basic exercises to reduce injury. We provide an easy-to-follow and effective plan that high schools can incorporate into their athletes' warmups and pre-season training. This plan includes:

- A three-week pre-season exercise progression
- A warmup routine
- Videos of each warmup and exercise

For more information, call Tracy Gannon at 401.777.7000 ext. 2214 or email tgannon@orthopedicsri.com.

BEFORE ANY STUDENT IS ALLOWED TO PARTICIPATE IN A GAME, THEY MUST BE PROPERLY CLEARED FOR ELIGIBILITY BY ALL RIIL RULES & REGULATIONS AND ANY ADDITIONAL SCHOOL REQUIREMENTS

- Enrollment
- Assumption of risk forms
- Medical clearance
- Age
- 8-semester limit
- Academics
- Transfers
- CTE Pathways
- Alternative schools

If a student-athlete arrives at the first day of practice without the proper clearance, they should not be allowed to participate! Send student to your school administration.

ELIGIBILITY LIST

- Fall Eligibility List (within 10 days of the start date of the fall sports season):
 - Football Deadline: Thursday, August 24th
 - All other fall sports Deadline: Thursday, August 31st
- To further protect schools and administrators:
 - *All Head Coaches must use the Official Rosters posted on the RIIL website for any game-related purpose.*
 - We are asking Athletic Directors and Officials to help enforce.

OFFICIALS

HOW CAN YOU HELP?

Responsibilities to Officials

- Improved relationships with coaches and teams are necessary
- Creating a safe environment for officials – dressing room, parking, security (before, during and after game).
- **NFHS Fall Sports Officials Appreciation Week – October 1-7, 2023**

Suggested ways to show appreciation:

- Officials' appreciation week banners and signage on the fence, wall, etc., surrounding the contest playing area.
- Gift cards/cookies/donuts/other items presented to the crew by both the home and visiting team.
- Photos of the officiating crew with both teams and coaches prior to the start of the game (or at the end, depending on timing).
- Read a PSA at the start of the game, thanking the crew for working the contest.
- Student escorts of the crew onto the field/court/pitch.
- "Thank you" cards, signed by the team and coaching staff.
- Special appreciation signage in the officials' locker room.
- Recorded "thank you" messages from student-athletes and coaches to officials, posted on social media.
- These are just some examples of what schools can do – the possibilities are endless!

SPORTSMANSHIP

A coaches' actions, attitude, and words are the determining factor in how their student-athletes will interact with teammates, opponents, officials, and spectators during interscholastic events.

- What you permit, you promote
- What you allow, you encourage
- What you condone, you own.

RIIL RULES & REGULATIONS

ARTICLE 12 - SPORTSMANSHIP

COACH

The coach plays a critical role in supporting and enhancing good sportsmanship. The coach must accept primary responsibility for the behavior and actions of his/her players and assistant coaches, **during and after all games**. The coach serves as a role model for his/her players, their parents and the spectators. The coach must always be in control, practice sound values and ethics and always pursue victory with honor.

1. Will model ethics and sportsmanship, always pursue victory with honor and maintain dignity and self-control.
2. Shall stay informed about sound coaching techniques and the physical, mental, and emotional development of the student-athlete.
3. Will teach players the rules of the game and to respect the game, officials, and opponents and will take action when athletes exhibit poor sportsmanship.
4. Will place the academic, emotional, physical and moral well being of student-athletes above desires and pressures to win.
5. Will be an ambassador for sport among athletes, schools, families and the community.
6. Will abide by the rules of the game and RIIL in letter and spirit.
7. Shall exemplify high moral character, behavior and leadership, lead by example and set a standard for players and spectators to follow.
8. Will respect the integrity and judgment of game officials.

HEAT ACCLIMATIZATION & HYDRATION

In preparation for the fall 2023 preseason, school administrators, athletic directors, coaches and staff members are reminded of the importance of activity and practice modifications. THIS IS NOT JUST A FOOTBALL ISSUE. Any student participating in an outdoor sport or activity in the heat is vulnerable to heat illness, including participants in activities such as marching band, cheer and also volleyball players practicing in hot gyms without air conditioning.

 It is crucial that heat acclimatizing guidelines are strictly followed, especially during the first 3-4 days of the practices.
This is the time when our students are most vulnerable to the heat.

Resources for Schools:

- Heat Acclimatization Rules (Article 7, Section 3 C)
- NFHS Heat Acclimatization and Heat Illness Prevention Position Statement
- NFHS Position Statement and Recommendations for Maintaining Hydration to Optimize Performance and Minimize the Risk for Exertional Heat Illness

Did You Know?

This is the peak time of the year for risk of heat-related illnesses and deaths. Nationally, during the last 10-year period, the National Center for Catastrophic Sport Injury Research (NCCSIR) captured a total of 42 exertional heat stroke events in high school athletes (29 football, 6 cross country, 3 soccer, 3 basketball, and 1 cheer). Of these 42 exertional heat stroke events, 18 (42.9%) athletes died (15 football, 2 basketball, and 1 soccer).

ARTICLE 1

ORGANIZATION

Section 1. NAME

For the purpose of competition, the schools under the jurisdiction of the Principals' Committee on Athletics shall be known as the **RHODE ISLAND INTERSCHOLASTIC LEAGUE**; a voluntary association of Principals who pledge their schools and participants to follow the Rules and Regulations of the Rhode Island Interscholastic League as enacted by the Principals' Committee on Athletics.

Section 2. PURPOSE AND FUNDAMENTAL PHILOSOPHY

The **RHODE ISLAND INTERSCHOLASTIC LEAGUE** d/b/a the Principals' Committee on Athletics will within its jurisdiction supervise and control the athletic programs, contests, and schedules and matters relating thereto, in participating secondary schools (grades 9-12) of the State of Rhode Island, whose principals are members of the Rhode Island Association of School Principals, to maintain, improve and raise the athletic standards in the participating schools of the State of Rhode Island, and in general carry on any other lawful activity which is calculated, directly or indirectly to promote and enhance the goals of the Rhode Island Interscholastic League.

- A. The **RHODE ISLAND INTERSCHOLASTIC LEAGUE** is a voluntary, incorporated, non-profit association of Principals organized to coordinate the efforts of its members toward the ultimate objectives of interscholastic activities. The purposes of this Association are to:
1. emphasize varied seasonal activities with broad participation under the direction and supervision of the school;
 2. maintain interscholastic activities in proper perspective and not to overemphasize them to the detriment of the academic program of the schools;
 3. formulate minimum uniform and equitable standards of eligibility that must be met by students to attain the privilege of representing their schools in interscholastic activities;
 4. provide a fundamentally fair and equitable framework in which interscholastic athletic competition in an educational setting can take place;
 5. promote an interscholastic athletics program providing educational experiences not otherwise provided in the curriculum, which will develop areas of knowledge, skills and emotional patterns and will contribute to the development of well-rounded individuals and better citizens;
 6. create and maintain a harmonious relationship between all schools within the RIIL, public, private and parochial;
 7. foster a cooperative spirit, good sportsmanship, and school spirit on the part of school representatives, school patrons, and students;
 8. prevent professionalism and undue pressure on students from parents, coaches and peers;
 9. promote even competition and maximum participation in RIIL activities by minimizing the impact of individual wealth upon equal athletic opportunity; and
 10. be sure that non-school activities do not interfere with the academic and interscholastic programs, are sponsored primarily for the benefit of the participants and do not result in exploitation of high school youth.

MAXPREPS

FAQ

1. What RIIL initiatives will MaxPreps data power? MaxPreps is the Official Partner for Sports Statistics to the RIIL. All information entered into MaxPreps can be sent to the RIIL to manage regular-season results, RIIL stat leaderboards and much more. In order to manage these initiatives, all RIIL member schools are strongly recommended to enter their team statistics after each game.

2. Where do I enter my schedule, score and roster? Each member school will continue to enter their schedule and roster into the RIIL administrative platform, and that data will be sent to MaxPreps to be displayed on your team pages. Each member school will then be responsible for updating their stats on MaxPreps after each game throughout the season.

3. What do Athletic Directors need to do? Since RIIL member schools need to keep accurate stats on MaxPreps, the AD needs to ensure each team coaching staff has access to enter stats. ADs or any coaches currently not using MaxPreps should contact MaxPreps at 800-329-7324 x1 or support@maxpreps.com to sign up or get access.

4. Which sports are included in the partnership? MaxPreps provides a complete stats platform for nearly all the sports the RIIL offers.

5. How do I sign up to get access to my administrative account on MaxPreps for the first time? Athletic Directors/Coaches can follow [this link on MaxPreps](#) to become a free MaxPreps member and follow the prompts to gain access to your team. Make sure to select "Head Coach or Athletic Director" as your role for the team.

6. Can Athletic Directors control their MaxPreps team pages? Yes! Athletic Directors can control every single team from their free School Administration page on MaxPreps.

7. Can coaches allow a team statistician or assistant coach to help manage their team information? Yes! Once the coach has access to their team admin page, they can give other individuals access to their page to help keep their team information accurate.

8. Is MaxPreps compatible with other stat programs? In addition to MaxPreps own mobile, tablet, and desktop tools, MaxPreps is compatible with over 80 different stat companies across multiple sports. [Click here to view MaxPreps stat partners.](#)

9. Does MaxPreps have an app to manage team information? Yes! Our MaxPreps app is available to download for both iPhone and Android devices at maxpreps.com/apps. ADs and Coaches can update complete schedules, rosters, scores and stats, and also sync their game schedule to their phone's calendar, and more.

10. Who can I contact with additional questions? ADs and coaches may contact RIIL MaxPreps representative Gerry Valerio at gvalerio@maxpreps.com.
