Goals of the MSCIAA Student-Athlete Tracking Program

To identify (sport/grade/gender/school)

- Number of student-athletes
- GPA
- ACT Scores
- TCAP Scores
- Attendance Rate

Outline of the MSCIAA Student-Athlete Tracking Program

- All MSCIAA member schools' Athletic Directors are responsible for entering all sports' rosters into the PowerSchool SMS system. (Those schools who use PowerSchool and report to Memphis Shelby County Schools.)
- MSCIAA will request AD roles added to all new ADs from the database created from the MSCIAA Athletic Conference
- Seasonal sports' entry deadlines will be set approximately a week or so after the TSSAA first play date.
- Mandatory work sessions will be set following the entry deadline for ADs to complete their sports' entries.
- MSCIAA will analyze and report on Midyear and End of year data.
- Schools may request their individual reports with end of year data.

Training and Work Sessions

- Will be held at 4:00 pm at the MSCIAA office.
- Instructors will be Amy Thornton and Reed Willis.
- Athletic Directors should bring all current season sports rosters to be entered into the system.
- Failure to attend work sessions will result in a \$50 fine to the school.

Communications and Notifications

- Database of Athletic Directors will be gathered through the attendance of the MSCIAA Athletic Conference
- Due dates and work session dates are on the MSCIAA Calendar and discussed at the MSCIAA Athletic Conference
- Reminders will be in the MSCIAA Newsletter and sent to ADs through email blasts.
- Notifications of non-compliance will be sent to the Athletic Director, Principal and ILD's
