NCAA PRESENTATION RESOURCES AND SUPPORT

Is your school hosting a "College Night" for students? Or an event for student-athletes dreaming to play sports beyond the high school level? If so, the Eligibility Center can assist with these events in two ways:

- 1) The NCAA have prepared [presentation resources](#) to assist with these events and empower counselors, coaches and other administrators to give a detailed presentation about meeting academic and amateurism requirements.
- 2) If a counselor is not comfortable giving their own presentation, the NCAA will do their best to connect your school with an NCAA member school in the area that has a compliance officer available to present at your event. If a staff member at a local school is unavailable, they will work with the counselor to ensure they have access to the available materials and assistance to put together a presentation for your audience. To submit a speaker request, please complete the online [Presentation Inquiry Form](#) with as much detail as possible. They will respond to your request within five to 10 business days with next steps.
