## **751 OVERNIGHT TRIPS/EXPERIENCES**

### **GENERAL STATEMENT OF POLICY**

The school board affirms its belief that overnight trips/experiences play a role in helping students access educational opportunities they may miss due to funding limitations, but also acknowledges the burden it may place on students and community members. To balance these conflicting beliefs, the following guidelines will be followed:

1. All proposals for overnight trips/experiences should be submitted for approval by the school principal prior to the beginning of each school year.
2. A calendar of overnight trips/experiences shall be formulated by the administration and presented to the Board of Education at the beginning of each school year for approval.
3. Coaches and Advisers should make every effort to plan all overnight trips/experiences prior to the beginning of the year. However, overnight trips/experiences that occur on short notice during the year will be approved and/or denied by the building principal and notification be given to the School Board.
