

2023-2024 School Year

St. Clair School provides breakfast and lunch each school year through the National School Breakfast and Lunch Program. Beginning with the 2023-2024 School Year, breakfast and lunch is offered free of charge to ALL students, Preschool - Grade 12, through the MN Free School Meals Program.

Free Meals . . .

Please note, it must be a complete reimbursable meal. What does that mean?

Please click below view the requirements so your student's account does not get charged, as the meals need to have at least 3 components of nutrition to be reimbursed, OR you will be paying for a-la-carte prices for one item.

Application For Educational Benefits

Families are still encouraged to apply for free and reduced-price meals if they are within the income guidelines, as that may qualify students for other fee reductions or programs and will generate additional revenue for the school district. To see if you qualify, complete the form and return it to Kelly Zabel, Business Manager.

Special Dietary Needs

If your child needs to receive lactose-free milk, please click the link below, as this form needs to be turned in to the St. Clair School Food Service Director on an annual basis.

SPECIAL MILK REQUEST FORM

The special diet statement is a form to be completed by a licensed physician, physician assistant, or an advanced practice registered nurse. Updates to this form are required only when a child's needs change. ****Note - this is not necessary for lactose-free milk. ****

SPECIAL DIET STATEMENT FORM

Back Pack & Power Pack

These Programs are Free! They provide K-8 students with weekend food packs containing breakfast, lunch, and a snack for each day off of school.

Hunger can affect anyone, but the devastating reality of food insecurity can be felt all throughout a student's life. The mission of these programs is to create a community where hunger is no longer what stands between a child and their success.
