BEHAVIOR GUIDELINES

It is the goal of the Cardinal Club School Age Child Care Program to provide a SAFE, KIND, NURTURING AND ENRICHING atmosphere for all children. We will “problem solve” with each parent and child to address any behavior concerns and develop a common plan to solve each concern.

WE WANT CHILDREN TO BE SUCCESSFUL AT CARDINAL CLUB!!

We feel it is important that children are constantly learning and making choices. At Cardinal Club, children are learning how to get along with a group – sometimes with children of varying ages. When behavior needs to change in order to get along in the group, staff will give children a series of warnings and consequences. We hope by doing this that we will help children become self-disciplined – using good judgment and problem solving skills. Cardinal Club staff will treat children with firmness combined with dignity and respect.

It will help us if parents review the sequence of “warnings” that children will receive if there are behaviors that need to be changed. Cardinal Club staff will also be reviewing this information with the children.

BEHAVIOR GUIDANCE PLAN

1st warning – Child is personally reminded of the rule and told what he/she is expected to do in private. Staff will give positive reinforcement for desired behavior. Staff may need to talk with all children involved in order to listen to concerns and help them brainstorm a solution.

2nd warning – Staff discusses the situation with the child and a logical consequence is determined; staff may need to provide education about boundaries and appropriate behavior. This includes having the child state: *What the child did and what rule they broke. *Why they did the act. *What are they going to change for the future?

3rd warning – Child will be removed from the situation in order to calm down. Staff will discuss/solve problem with the child. Child will be asked to write or draw pictures, which will include having the child state: *What the child did and what rule they broke. *Why they did the act. *What are they going to change for the future? Staff will keep copies of anything written or drawn by a child. Parents will be verbally notified about their child's behavior and the plan developed between staff and child. Parent and child will be notified that if occurs again, a behavior incident report will be completed.

DISMISSAL POLICY

For serious behavior concerns, staff may at any time begin the process of completing Behavior Incident Reports (explained below).

If a child is having trouble getting along in the group, Cardinal Club may not be the best childcare setting for your child. Since we are concerned with the well being and safety of a large group of children, we need to have a mechanism in place for removing a child from the program if serious behavior concerns are evident.

A BEHAVIOR INCIDENT REPORT is completed by staff when a serious behavior incident occurs. Behavior such as violent outburst, willfully hurting other children, throwing objects without regard to safety, profane language, leaving the room/building/group without notifying a staff person, verbal or physical abuse towards staff, students, or others, inappropriate sexual behavior, or the inability to conform to the rules of the program will be considered behavior concerns.

1st Behavior Incident Report: Following completion of a first behavior incident report, parent/guardian, staff and child will discuss the incident to develop a written behavior plan (such as a behavior modification plan; identifying a safe “cool down” area for the child; cues between staff and child to alert child to change behavior, etc.).

2nd Behavior Incident Report: Parents/guardian and child will meet with the staff and the Cardinal Club Director. The behavior plan will be reviewed and modified as necessary. Parent/guardian will be informed that if action is repeated, the child will need to take a three to five day leave of absence from the program with no refund of payment.

3rd Behavior Incident Report: Parents/guardian will receive a telephone call from the Cardinal Club Coordinator about the need to immediately pick up their child from the Cardinal Club Director about the need to immediately pick up their child from the program, the reason why a leave of absence from the program is necessary and the length of the leave of absence. There will be no refund of payment for the leave of absence.

4th Behavior Incident Report: Parents/guardians will receive a telephone call from the Cardinal Club Director that their child needs to be picked up from the site immediately and will not be able to return to the program.

DEPENDING ON THE SEVERITY OF THE CONDUCT, IMMEDIATE REMOVAL FROM THE PROGRAM MAY BE WARRANTED. IMMEDIATE DISMISSAL WILL BE AT THE DISCRETION OF THE CARDINAL CLUB DIRECTOR WITH INPUT FROM THE STAFF.
