

**WINNER SCHOOL DISTRICT 59-2  
OFFICIAL SCHOOL BOARD POLICY**

**PARTICIPATION/PARENTAL PERMISSION**

A student shall practice or compete in extended/extracurricular activities only with the written consent of a parent and/or legal guardian. Moreover, it is strongly recommended that in competition-oriented activities the competitors be matched in ability and maturity and that they compete only against comparable individuals and teams.

The number and level of teams/organizations and the number of public performances sponsored by the Winner School District shall be determined by the Superintendent in conjunction with the Activities Director, Advisors, and Coaches. At levels below VARSITY/JUNIOR VARSITY/9TH GRADE the Winner School District has the responsibility to provide a sufficient number of teams and performances to insure the opportunity of each interested pupil to participate.
